PARIS SHOULDER SYMPOSIUM 2018
Shoulder instability update and controversies

FEBRUARY 1-2-3, 2018
Paris, France

CHAIMEN:
Ph. Valenti (Paris)
L. Lafosse (Annecy)

FIRST ANNOUNCEMENT

www.paris-shoulder-symposium.com
The idea behind this shoulder course is to feature the most realistic situation. It will be a relive shoulder course. Every chapter will be exposed: clinical approach, examinations, techniques, arguments for and against, bibliography, results on personal series, debates...

A large place should be dedicated to clinical cases followed by lectures, debates and panel discussions. The main idea will be to show videos and cases. We will start with the most simple case and progress to an advanced ones where experts will demonstrate how to manage problems and find the best solutions.

We look forward to welcoming you in Paris next February 2018!

Philippe Valenti, Laurent Lafosse
Thursday February, 1st
The Acute Instability

ACUTE ANTERIOR DISLOCATION (FIRST TIME DISLOCATION)

> PRESENTATIONS
  - Anatomy of the capsule labral, GH lig and rotator interval
    G. DI GIACOMO
  - How to manage an acute dislocation during sport activity?
    B. ARCIERO
  - At the emergency department: Imaging and tips and tricks to reduce
    JD. WERTHEL
  - Acute anterior dislocation and bony lesion
    I. SUGAYA
  - Acute anterior dislocation and neurological disorders
    T. LAFOSSE
  - Acute anterior dislocation and soft tissue lesion (biceps, RCT)
    P. PALADINI
  - Acute anterior dislocation and great tuberosity fracture
    B. BURKS
  - Immobilization and rehabilitation program
    E. ITOI

> RELIVE SURGERY
  - Acute anterior dislocation without bony lesion
    F. SAVOIE, B. KORDASIEWICZ
  - Acute anterior dislocation and glenoid fracture
    Asian way / European Way / US way
    J.Y. PARK, M. SCHEIBEL, B. BURKS

> DEBATE
  - Surgical indication after first anterior dislocation
    Chairman: B. BURKS
    J.Y. PARK, B. ARCIERO, P. MORODER, C. JIANG

Coffee Break - Visit of the exhibition

ACUTE POSTERIOR DISLOCATION (FIRST DISLOCATION)

> PRESENTATIONS
  - How to manage an acute posterior dislocation during sport activity
    S. BOYLE
  - At the emergency department: Imaging and tips and tricks to reduce
    J. PLATH
  - Posterior Dislocation and epilepsy
    D. MEYER
  - Immobilization and rehabilitation program
    P. MORODER
  - Acute post dislocation and bony lesion
    L. FUNK
  - Remaining post instability just after reduction: What to do?
    J. BARTH
  - Irreducible shoulder dislocation
    G. WALCH

ACUTE INSTABILITY AND HYPERLAXITY

> LECTURE
  - Multidirectionnal instability
    C. GERBER

> DEBATE
  - Acute posterior instability – Hyperlaxity and first disocation
    Chairman: E.CALVO
    D. MEYER, P. METAIS, P. PALADINI, L. FUNK
Friday February, 2nd
Chronic Anterior Instability

THE LESION

> PRESENTATIONS
  • Clinical examination
    **L. LAFOSSE**
  • Imaging: how to evaluate capsular, labrum and soft tissue lesion?
    **H. GUERINI**
  • Imaging: how to evaluate bony lesion?
    **I. SUGAYA**
  • Why Latarjet, Bristow and bone graft are different?
    **G. ATWHAL**

ISOLATED SOFT TISSUE LESION AND REPAIR

> RELIVE SURGERY
  • Bankart Open
    **B. ARCIERO**
  • Bankart lateral decubitus
    **A. ROMEO**
  • Bankart beach chair
    **JP. WARNER**
  • Bankart + remplissage
    **P. BOILEAU**

> PRESENTATIONS
  • Bankart open versus @
    **B. ARCIERO**
  • Is @Bankart repair still valid? Long term results, US experience
    **B. BURKS**
  • Is @Bankart repair still valid? Long term Results, French experience
    **H. THOMAZEAU**
  • Bankart repair in rugby players : results after 5 years
    **P. MANSAT**
  • Is Bankart + Hill Sachs remplissage is a reasonable therapeutic option? Indications and long term results
    **Ph. VALENTI**
  • HAGL lesion diagnosis and treatment
    **G. NOURISSAT**
  • Is Latarjet procedure is sometimes indicated without bony lesion? Long term Results
    **G. WALCH**
  • Discussion

> DEBATE
  • Clinical cases: Recurrent ant dislocation without bony lesion
    **Chairman: JP. WARNER**
    **B. ARCIERO, B. BIRKS, J. KANY, G. NOURISSAT**
  • Break - Visit of the exhibition

CHRONIC ANTERIOR INSTABILITY WITH BONY LESION

> LECTURE
  • On track off track: evolving concepts
    **E. ITOI**

> RELIVE SURGERY

OPEN
  • Open Latarjet
    **G. WALCH**
  • Mini Open Latarjet
    **J. BARTHAS**
  • J Graft
    **H. RESCH**
  • Humeral head allograft
    **C. GERBER**

ARTHROSCOPIC
  • Latarjet @ 2 screws
    **L. LAFOSSE**
  • One cortical endo button
    **P. BOILEAU**
  • Two cortical endo button
    **Ph. VALENTI**
  • Latarjet (Coracoid on the lateral side)
    **J. KANY**
  • Iliac bone graft
    **M. SCHEIBEL**
  • Trillat
    **Ph. VALENTI**

> PRESENTATIONS
  • CT-scan analysis and Latarjet @?
    **J. BARTH**
  • Long term results after open Latarjet? Arthritis Myth or reality?
    **G. WALCH**
  • Latarjet @ versus open : The Chinese experience
    **C. JIANG**
  • Latarjet @ versus open : what we have Learnt?
    **L. LAFOSSE**
  • Latarjet @ with 2 cortical endo button: clinical and radiological results
    **Ph. VALENTI**
  • Iliac bone graft for anterior glenoid abrasion: clinical and radiological results
    **M. SCHEIBEL**
  • Discussion
• Trillat procedure: indications and results
  P. BOILEAU
• Recurrent anterior dislocation and hyperlaxity: how to do?
  B. SAVOIE
• Recurrent anterior dislocation in the Teenager
  JD. WERTHEL
• Arthritis and anterior dislocation
  R. RUSSO
• Chronic anterior Locked dislocation
  PH. HARDY
• Discussion

Lunch and Industry workshops - Visit of the exhibition

3 LIVE SURGERIES
Chairman: G. ATHWAL, A. ISERIN
• Bankart
  A. ROMEO
• Bankart remplissage
  Ph. VALENTI
• Acute dislocation + bony fracture
  J. AGNESKIRCHNER

Coffee Break - Visit of the exhibition

CHRONIC ANTERIOR INSTABILITY SURGERY: FAILURE

> PRESENTATIONS
• How to manage a recurrent dislocation after a Bankart
  R. BRZOSKA
• How to manage a recurrent dislocation after a Latarjet
  G. DIGIACOMO
• How to manage pain or subluxation after a surgical stabilization
  JP. WARNER
• What we expect after treatment of Neurological lesion after surgical stabilization?
  T. LAFOSSE
• Discussion

> RELIVE SURGERY
• Eden Hybinette @ screws
  L. LAFOSSE
• Eden Hybinette @ endo button
  Ph. VALENTI
• Capsuloplasty
  A. ROMEO

> DEBATE
• Clinical cases: failure of primary stabilization
  Chairman: C. GERBER
  R. BRZOSKA, A. ROMEO, G. DIGIACOMO, JP. WARNER
Saturday February, 3rd

4 LIVE SURGERIES
Chairman: Ph. HARDY, J. AGNESKIRSHNER
- Latarjet with screws
  L. LAFOSSE
- Latarjet with endo button
  PH. VALENTI
- Iliac anterior crest bone
  M. SCHEIBEL
- Posterior bone block
  P. BOILEAU

Lunch and Industry workshops - Visit of the exhibition

CHRONIC POSTERIOR INSTABILITY

> PRESENTATIONS
- Clinical examination
  D. MEYER
- Radiological findings
  H. GUERINI
- Medical treatment: The shoulder Pace Maker
  P. MORODER
- Indications and results of posterior capsuloplasty
  B. BURKS
- Indications and results of Posterior bone block
  J. AGNESKIRCHNER
- Pedicled acromion bone block
  J. GRIMBERG, P. METAIS, R. BLETON

> RELIVE SURGERY
- Posterior capsuloplasty
  N. BONNEVIALE
- Posterior bone block with screws
  J. AGNESKIRSHNER
- Posterior bone block with 2 endo buttons
  Ph. VALENTI
- Posterior dislocation and reverse Hills Sachs remplissage
  J. KANY

Coffee break - Visit of the exhibition

> PRESENTATIONS
- Arthritis and chronic posterior dislocation
  I. SUGAYA
- How to treat a Reverse anterior Hill Sachs
  M. SIMONI
- Chronic locked posterior dislocation
  D. MEYER
- Revision after posterior stabilization failure
  P. BOILEAU

> DEBATE
- How to manage a chronic posterior instability?
  Chairman JP. WARNER
  J. AGNESKIRCHNER, G. ATWHAL, P. METAIS

> MINI BATTLE
- Sports activity: when to return and at what level?
  After Bankart (USA, ASIA, EU, South America)
  ARCIERO, SUGAYA, J. PLATH, M. SIMONI
- After Latarjet (USA, ASIA, EU, South America)
  G. ATWHAL, J. YANG, J. BARTH, M. SIMONI

CONCLUSION: END OF THE MEETING
PH. VALENTI, L. LAFOSSE
